Fabrics

Micro -Lite, -Max, -Mesh and -Warm are 100% Polyester micro fabrics.

They are all of very good quality. They have a different stitching pattern. Micro Mesh has a bigger honey comb pattern and Micro Lite (Max) is of slightly better quality.

They are made of special material which transports moisture from your skin to the fabric's surface for rapid evaporation keeping you longer comfortable and giving you good ventilation.

SIZE SPECIFICATION Basketball Vest & Shorts

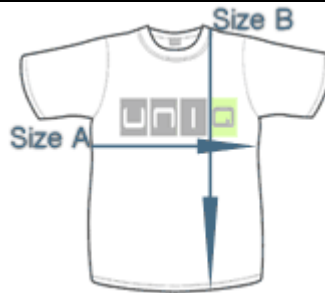

"Measure your sample and compare here"

Please follow these instructions before, so nothing can go wrong with your order!
Samples are in any case available.

1. Take one of your favorite T-Shirts (size) which you prefer to wear
2. Place it on a table and measure the sizes A (B) as shown below (use chest height)
3. Compare with the chart below and advise us which size you require
